DECLARATION ON CALIFORNIA'S PROPOSITION 65

Alwin Manufacturing is committed to being a customer-focused business that provides superior products and services to all of our clients. We strive to exceed the expectations of our customers by focusing on continuous improvement, on-time delivery and long-term sustainability.

The leadership team at Alwin Manufacturing has reviewed the California Safe Drinking Water and Toxic Enforcement Act of 1986, also known as Proposition 65. To the best of our knowledge, our understanding is that our products are manufactured in compliance with the safe harbor NSRL and MADL limits of Proposition 65. This assessment is based on our current level of knowledge from all of our material and component suppliers. Alwin Manufacturing makes no warranties, expressed or implied, and assumes no liability in connection with this information.

Alwin Manufacturing will continue to strive to meet the requirements of our customers. We take great pride in manufacturing socially responsible products and will continue to review the requirements of the Safe Drinking Water and Toxic Enforcement Act of 1986 going forward.

The above statements apply only to products as supplied by Alwin Manufacturing and may not apply to Alwin Manufacturing products altered after sale.
